Your Village, Your Pub

After a run of changes of landlords and managers we have the pleasure of welcoming Cielo (Shello) and Bill Collings and their family to the George and Dragon. Since they have been here the pub has been improved, not by big alterations but by the important little things; a friendly welcome, a pleasant family atmosphere, a change of menu to suit the needs of the village and importantly the cleanliness and general upkeep has improved no end. This has led to the business picking up and some rather pleasing comments floating around the village about the renewed atmosphere and great food and a much-improved pint.

The menu has been designed to provide good quality country pub food at sensible prices, including a good choice on the children's menu. A few examples are traditional Ploughman's Lunch or Cold Salad with Roast Chicken, Prawn Mayonnaise, Ham or Cheese, both at £5.50 for these warm summer days. Or Sausage, Egg and Chips at £5.75 for those who like a substantial pub meal and Salmon and Dill Lasagne with Salad at £6.75 for fishlovers. There is a good choice of Sandwiches and Baguettes from £3.20 and the children's meals are all £3.75 and include Mini Pizzas, Chicken Nuggets and Fish Rockets! Perfect for eating out whenever you like. They also cater for parties and will take special orders.

Bill and Cielo have done a great job and are providing a valuable service to our village by keeping the pub alive for us. Come and have a drink and a meal, bring all the family and see the difference for yourself.

Opening hours 12:00 to 3:30 and 6:30 to 11:00 from Monday to Thursday. Open all day Friday and Saturday. 12:00 to 3:30 and 7:00 to 10:30 on Sundays. Lunch is served every day, and dinner from Tuesday to Saturday. The Collings welcome any comments. Drop in for a drink or call 850723.

UPTON HAS ARTWORKS

The biggest happening in Upton since the last train steamed out of Beeching Close took place on June 21. As part of Architecture Week and mentioned on its website, the Art and the Travelling Landscape Didcot to Upton Railway Path was officially opened. A gathering of cyclists, strollers and a class from Hagbourne school set off from the Didcot end to admire eight handsome seats-cum-sculptures positioned along the way.

Hand-crafted in English green oak at the Rycotewood Centre — part of Oxford and Cherwell College — the final year design students who made these were at the ceremony to explain how the old

railway line inspired these works.

The 'outdoor resting place' nearest to our Sustrans ramp was made by Andrew Osborne. He has called it *briza media*, or quaking grass, whose distinctive seed heads grow on chalky soil. The oval shape of his bench allows sitters to appreciate the scene from all directions. The gaps between his geometric sections enable cyclists to prop up their bikes by the wheel.

The next seat along is *Sorbus* designed by Nick Smith in curves, to merge into the countryside. He has imagined the natural energy circulating in wind turbines and his spot also has panoramic views of the Oxfordshire landscape.

Contour Bench by Dominic Clutterbuck represents Wittenham Clumps. He says: 'I felt it was important to reflect the hills... I wanted to pay tribute to them because of their ancient properties and strong presence'.

HOLIDAY CLUB...

Some parents of children at Blewbury School are hoping to hold a summer holiday club on **Wednesdays between 11 am and 2 pm in Upton village hall.**

Activities including craft, painting, outside games, food decorating and

Kester Hoefkins has made *Three Seats* — for individuals and 'family and friendship groups', incorporating high back chairs for 'more weary travellers'.

Peter Scott's *Spring Bench* represents the heavy solid suspension system of spring leaves, as seen at Didcot Railway Centre, while Rob Woods took notice of Didcot Power station with *Spiralling Steam*.

The lion's share of this £50K public art project — integral to the philosophy of Sustrans — came from the Arts Council and South Oxfordshire District Council, with the Vale, Blewbury and Chilton each contributing a little.

At mid-point along the path Jules Thompson, chairman of SODC, a biker wearing a chain of office, declared it open, describing the whole effort as 'a great example of an imaginative use of money'. Sandwiches followed at a presentation to the design team in Hagbourne Village Hall. **Carol Hall**
