Vol 4 No.9 May 2012

We have had a very variable April with a hosepipe ban and concurrently more rain than we have had for a long time. However, this still needs to impact the water table. I note that the West Hagbourne pond has at last got some water in it (along with the Dragon Crime scene, wonder if they have found Nessie?). It has not been a good time for gardening and the rain is making all the weeds grow prolifically. There are plans being made for village activities such as the Golden Jubilee BBQ and Uptonogood. Something for all the village. Do hope you can join in.

Bill Noble

4.9.18 - 6.4.12

Sadly, Bill died on Good Friday after suffering a lengthy illness. Those of you who have lived in Upton for some time would have met him as he walked his two Yorkies round the village. His shoes were always shining, a cravat tied jauntily at his neck and a smile and a greeting for anyone he met. A man of his time, a true gentleman. We will remember him as a dear friend.

God Bless you Bill.

Parish Council News

Note from the Clerk

The Parish Council meets every two months. In between our regular meetings we have to arrange ad hoc extraordinary meetings in order to discuss planning applications. Our response to planning applications has to be made within two weeks of receipt. A notice is always posted on the main village noticeboard by the bus shelter and generally the applicant and neighbours are notified. It is not always possible to post a notice on the web due to time constraints. Please keep an eye on the noticeboard.

The following planning applications have been discussed at recent extraordinary Parish Council meetings:

P12/V0759 - conversion of former milking parlour and redundant farm building into stables and groom's accommodation. Applicant Mr H Bucknell. The PC had no objection to this application.

P12/V0566: proposal for temporary planning application for mobile home at Sine Nominee (to be on site for 6 months). Applicant Mrs K Fletcher. The PC had no objection to this application.

P12/V0682 - erection of an agricultural building for the storage of hay and straw at Inghams Farm, West Hagbourne. An extraordinary PC meeting is being held on Tuesday 1st May to discuss this application.

Village Produce Association

I am happy to report that I wore my shorts out in the garden, along with the sun cream and the gin, marvellous! The baby blackbirds have fledged, and I hope that a second lot will appear later on. I have dug over the veg plot, weeded the borders and I have lots of seedlings in trays and pots. As I write, the rain is coming down and watering everything in nicely, and I'm installing new water butts and guttering now that we have a hose pipe ban.

Happy Gardening,

Karen Brooks

Children's Society — Thank You

We would like to say thank you to everyone who supported the Children's Society coffee morning on Saturday 28th April. Special thanks to Hilary and Simon Powell for being our hosts. The log fires were a welcome sight on such a miserable wet morning. A total of £468.55 was raised, a wonderful result.

If you were unable to attend but would like to make a donation to this worthy cause please feel free to drop an envelope through my letterbox (Newmans Close) and this will be forwarded to the charity.

Thank you.

Upton's Carl Davis

*World Champion International
Taekwon-Do*

The competition was held at the Oasis centre in Swindon on the 1 April. 15 countries entered and the total number of competitors was well in region of 300. Carl won a total of 5 fights against a very high standard of opponents from a number of countries. As you can imagine, he is, as am I, very proud of his latest achievement as it has to be the highlight of his life so far. You can watch some of Carl's fights on Youtube: [carldavis TaeKwonDo](#).

He also teaches at Wantage on Saturday mornings and Tuesday nights and at Henley on Wednesday nights and he is hoping to start a kid's class in Upton very soon . If you need more information about classes please get in touch with Carl at 07846 475422 or email

Blewbury School Ofsted visit

On 6 March, with only two days' notice, the inspectors arrived to complete a full inspection of the school. The picture of the school the inspectors formed is best reflected in their own words:

“This is a good school because pupils, including those who are disabled or have special educational needs, achieve well and make good progress.”

“Teachers typically have high expectations even for younger pupils, who are expected to work and move to different tasks independently.”

“Teachers know the needs of pupils well because of good assessment and the effective tracking of pupils.”

The inspectors were clearly impressed by the themed approach the school uses when delivering the curriculum, as well as the international links and the wide range of extra curricular activities available.

Ms Mills (Headmistress) and her staff clearly walk the knife edge of making the school rigorous in its pursuit of academic success whilst providing a broad experience in a happy environment. To do this takes huge commitment, skill and endless energy, for which I thank them all.

May

April showers bring forth May flowers. Good - we've had the showers (I am not sure if they are going to stop though).

May is a mixed bag - the last of the spring months, and sometimes confused with summer, when it presents itself as warm. The thunderstorms we had in April should have put an end to the hoar frosts, though it can still be cold. May can occasionally bring a morning hoar frost, which is basically frozen dew or wet condensing air.

The adage 'Never cast a clout (warm clothing) 'til May be out' refers to the flower, not the month. It meant don't get rid of the liberty bodice and goose fat until June. I understand that "Clout", or clowt, or cloat, or clute is an old word for clothing.

May is also associated with the May flower, hawthorn, and is a symbol of luck, but should NOT be taken into the house, as that's bad luck. As the herald of summer, May is to be enjoyed as much for the spring flowers, as the hope of produce later in the year.

Closure of the Spring Line Methodist Church

Worship will end at both Blewbury and Upton Methodist Churches Easter 2013.

It may seem very early to make this decision public, but closure of a church takes a long time. This decision was taken by the Spring Line members at their February Church Council Meeting, and was approved by the Methodist Circuit (South Oxfordshire group of Methodist churches) meeting in mid-March, so it is now official. As you can imagine this has not been an easy decision and there are many heavy hearts. We are very clear, however, that sometimes being faithful means moving on and what has served well in the past is not necessarily right in the present.

There are two reasons for making the decision to close both churches: the number of regular worshippers at our Upton Centre is low, and in spite of support from the Community the Spring Line Church is not financially viable and we would need to ask for financial support from the Methodist Church if we carry on beyond spring 2013, and this did not seem right, so

we have decided to move on and to support other churches. The next 12 months will enable us to make all the preparations we need for the change, practically, emotionally and spiritually.

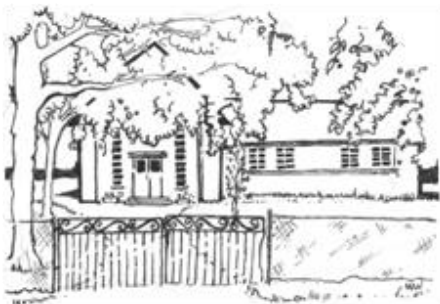

We would like to thank the Community for responding to our plea for more Community Use over the last 12 months, and hope you will continue to use our buildings until the closure date. The actual process of closing the church and decisions about the future of the two buildings is undertaken by the Wantage and Abingdon Circuit, not by Spring Line Church members.

Spring Line Methodist Church

All May services start at 10.30 am, and will be at the Upton Centre:

6th	Terence Adams
13th	Rev. Martin Smithson (Holy Communion)
20th	Alan Fudge
27th	Brenda Boyer
27th	6.30pm Didcot Methodist Special Circuit Service

13th May is Christian Aid Sunday, an organisation that insists the world can and must be swiftly changed to one where everyone can live a full life, free from poverty. Please support the collections in Didcot and surrounding areas during the following week.

Rectors Reflections

Eight Flying Elephants

Yes, you have read the title correctly - eight flying elephants! I met them the other day. They're in Wickham church, a few miles from Newbury. I popped in to have a look around, and there they were - suspended from the roof beams in the north aisle. In case you were wondering, they're made from papier maché. The story goes that a Victorian gentleman saw 4 of them at an Exhibition in Paris, and thought they would look rather good adorning the roof of Wickham church. So he acquired them, ordered 4 more, and there they have remained ever since.

I wonder when you last experienced a surprise? The world is actually full of surprises, but often we close our eyes and our minds to the possibility of the totally unexpected. We tend to want to live our lives according to our own agenda, our own set plans.

“Being religious” is a lot about allowing God to surprise us with new glimpses of His love, His joy, and His peace. We might well value a particular religious routine - perhaps saying prayers in a particular way or going to a particular sort of church service. But this religious routine can sometimes get in the way of being open to the good surprises which God has in store for us in our lives. We need to season the routine with the unexpected.

Many good and holy people looked at Jesus and felt that his life and teaching was a surprise too far - they had their religious routine, and

they preferred to stay with what they knew. But there was an even greater surprise in store - Jesus' coming back to life after he had been killed on the Cross. To think that God could actually bring back to a life a man who had died - why, that would be like thinking that you could wander into a little church in Berkshire and see elephants flying in the roof!

Jesus challenged assumptions, and especially the assumptions of religious people. It is the same today. Jesus continues to challenge our assumptions, to encourage our minds to be open to what God, in His great love and goodness, might have in store for us and our world. I wonder what good thing God has in store for us in the weeks and months that lie ahead?

WI

We have another busy month ahead of us, there is sure to be something for everyone. The AGM resolutions are something we discuss and vote on before the national AGM at the Royal Albert Hall later this year. Are we going to support and campaign for more funding for midwives and midwifery services? Come and listen to the arguments for and against. Past resolutions have had major coverage in the media, honey bees a few years ago and libraries last year! For more details, or to join the Mah

Jong or Scrabble group, or if you wish to join us, please ring Judy on 850381. Future plans include Bletchley Park, Ben Hur at the Watermill, a concert in Birmingham, a WI archive exhibition in Benson, an outing to Kelmscott, and a trip to Tewksbury, come and join us.

We thank Mick Moore very much for making us a new pole and finial for our WI banner.

Fibre Broadband – worth the wait

As promised, Upton's fibre broadband went live in April, and a number of residents have already upgraded. The process, involving a visit from a BT engineer who installs a new faceplate and modem, is straightforward.

Typical download speeds of 37Mbps

have been experienced from Beeching Close to the High Street, so much of the village should expect similar results.

Many thanks to everyone who took part in the BT Infinity competition and in so doing made this possible.

UptoNordic Walking

Nordic Walking - What is it?

It is a sociable way to get fit and lose weight without putting any strain on your joints and knees and for a very modest outlay. For more information on its history and what's involved go to

www.uk-nordic-walking.com.

Duncan Reid and I have now completed our training as Nordic Walk leaders and are ready to start a programme of walks centred on Upton. Initially these will be once a month for 2 hours on a Sunday morning but we hope to be able to increase these depending on the level of interest and possibly turn it into a club. We have planned walks for 27th May and 24th June. In addition to these there are weekly walks at other centres around the county available to anyone who has completed the competence training course, but unlike Upton, some of these involve a charge. As we are covered for insurance purposes by

SODC we are only allowed to take people who have completed a competence course and there are two courses available in the near future:

Goring - a 4 week course starting with a 45 minute taster Tuesday 1st May followed by 2 two hour training sessions and two actual walks.

To book contact Alison Crowe on 01189 842623 or Jo Lowe on 01491 680499

www.go-nordic.co.uk

Ewelme - a 2 week course of on Sundays 13th and 20th May of two hours each.

To book contact Hendriette Thorn on 01491 823175 or by e-mail to Hendriette.Thorn@southandvale.gov.uk

If you are interested and/or have any queries please feel free to contact me on 01235 850989.

Charity Cakes

This year at my school, we have been given the challenge to raise £50 for "Plan UK Because I am a Girl". The charity helps

give unfortunate girls around the world a better future by providing them with an education. So in order to raise my money for the charity I have decided to sell cakes. I am therefore willing to make cakes to order. Below is a selection of cakes that I am able to bake, together with a suggested donation:

- Victoria Sandwich (fresh cream optional) £4.00
- Chocolate Fudge Cake £4.00
- Lemon Drizzle Cake £4.00
- Madeira Cake £4.00
- 12 cupcakes, plain or chocolate, with a topping of your choice £3.00

If you would like freshly baked cakes delivered to your door, please contact me on the number below or send me an email:

Home number: 01235 851555

My email: sophie.morgan1@me.com

All proceeds will go to "Plan UK Because I am a Girl", Charity No. 276035.

If you would like to find out more about this charity, you can visit their website: www.plan-uk.org
